BETTING SOLUTIONS

TAB Austria is a leading family based manufacturer of SSBT terminals for more than 20 years and an over 50 years history in manufacturing gambling- and amusement machines.

Well known companies like William Hill, Paddy Power, Ladbrokes, Coral, Codere, Snai and many more are working with our machines for years.

Only in the UK and Spanish retail betting markets there are currently more than 25.000 TAB terminals in operation.

All of our various cabinets can be equipped with the latest peripherals and you can choose from a variety of banknote readers, coin validators, printers, barcode readers, card readers and much more.

With our long history in building bestellers for the global betting and gamblng industries, we have gained a lot of knowledge in how to build cabinets with lowest maintenance costs and down times.

More than 100.000 sold machines during the last 20 years and dozens of satisfied clients do speak for themselves.

TAB Austria is also very well known in building machines after our clients needs.

Just let us know what you are in need of and we'll manufacture it for you!

Industry proven solutions
Our cabinets are manufactured with a more than 25 years history in building machines after our clients needs, perfectly adapted for any purpose. – We are only using high quality parts for our cabinets and peripherals which is guaranteeing lowest down times and maintenance costs. – Many of our cabinets are already in operation for more than 10 years.

Our newest innovation is the GO4PLATINUM HD terminal.

The terminal is a further development of our already well known GO4PLATINUM terminal, which made a huge impact in the industry several years ago.

The GO4PLATINUM HD is coming along with 24" screens and all the benefits from our previous machines.

A further development from the number one sold betting terminal worldwide but with 21,5" screens.

With it's unique design you'll attract a lot of players.
